ELLE DECOR SPONSORS SAN FRANCISCO'S PRIVATE COLLECTIONS BENEFIT

On April 18, ELLE DECOR partnered with Private Collections for the 12th annual benefit in San Francisco. The sold-out event opened the doors to seven of San Francisco's finest private art collections in residences citywide. Proceeds from the event support Enterprise for High School Students, an award-winning organization that provides career mentoring for local youth.

Interior designer Jeffers is making his debut collection of furniture, lighting, and accessories available to the public with his first shop, a soaring space located at the front of his Tenderloin studio. Art, rugs, and vintage items are also on display. For those who can't visit, most of the inventory is offered through Dering Hall.
