The Who's Who of Making Your House a Home

July 19 marks the opening of the much-anticipated Hamptons Showhouse in Sagaponack, and accordingly we present a list of the men and women who toil in the fields of interior design and architecture. Some of them span both fields, and all of them excel at their craft. Working in concert, they create the homes that draw us out to the Hamptons every summer. Borrowing the brainpower of many of them, we have also compiled a Hamptons-based resource guide for compelling decorative elements and furniture.
